"The beauty of sponsorship is that it is meaningful. It gives you the ability to connect with people through something they've already decided that they care about."

Dear York Tech Community,

We are excited to announce that York County School of Technology has partnered with Scoreboard Media to bring media opportunities on our state-of-the-art videoboards and digital scoring equipment, as well as our mobile fan app and other in-game and in-venue marketing and advertising opportunities to businesses locally, regionally, and nationally.

Our portfolio of video scoreboards is among the best in the nation. They contribute to the overall quality of our athletic facilities and enhance the game experience for our athletes, teams, and fans. These boards are also used for school functions and academic purposes far beyond athletics, including a curriculum in video content and live-game production.

Scoreboard Media has the experience and resources to coordinate this effort, including executing a world-class media offering, as well as reaching out to as many businesses and non-profits as possible to offer them (you!) the opportunity to reach our great fans, faculty, and community...not to mention all the visiting communities!

A representative from Scoreboard Media may be reaching out to you. Rest assured, they are our partners in this effort. We hope you will agree that this is a great way to advertise your business and you'll be supporting York Tech in the process! We are a loyal and tight-knit community, and your support of our schools is noticed and appreciated by all.

Go Spartans!

OVERVIEW

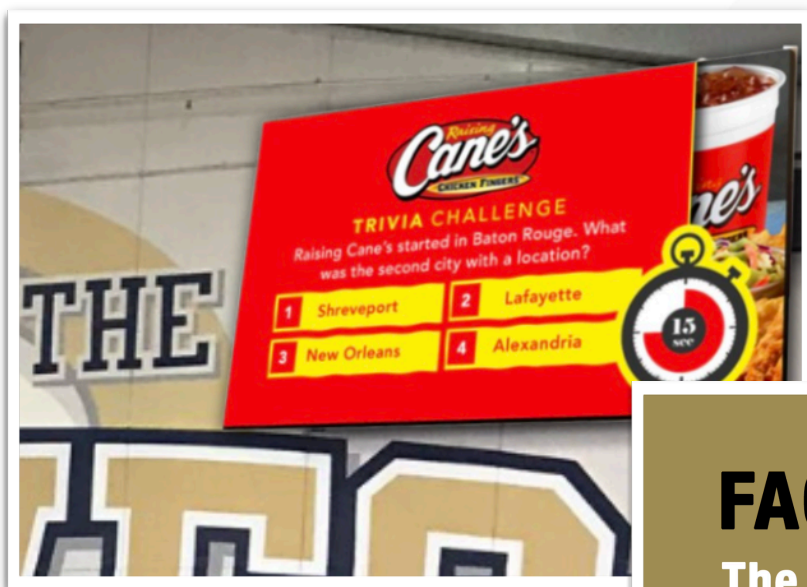

The two new large-format video scoreboards, each measuring a HUGE 15' wide by 8' tall, will make for an incredible game-time experience for teams and fans! It's also an incredible opportunity for **SPONSORS** to put their business and brand in front of this dedicated community and show their support for the Spartans and York County School of Technology!

You can pick one of our sponsorship packages or *we can build a custom sponsorship for you*. Whatever you choose, your business will be on display for the crowds at **all home games and many other events!**

SO MUCH MORE THAN SIGNAGE!

The best sponsorships are those done with the fan in mind. They make the game experience better for your audience. Not only will the crowd NOT want to click-to-close or fast-forward through your ad, we can make it so they'll LOVE it! Don't believe us yet? Think of the fun ways you've seen a Jumbotron used or the exciting activations you've seen at pro and college games. We can do all of those things, and ***your brand can be a part of it.***

Reaching Your Audience

HERE'S THE BREAKDOWN. Below, you will see how the calculations are made to reach the potential number of impressions associated with each sponsorship level. These numbers are calculated conservatively using the average attendance per game, games played during the year, and the number of times our ad sequencing software displays your ad per game based on display time of 6 seconds per post. Impressions, then, are the total number of opportunities for your ad to be seen by spectators during the course of the school year.

Here's an example of the impression calculation for **one of the sponsorship levels on just one of the sports: Varsity Boys Basketball.**

York Tech Varsity Boys Basketball

NOTE: The impression counts highlighted in this program are based on average attendance and total games for Varsity Boys Basketball. Additionally, we have used estimated attendance figures and home game/event calendars for **JV games and well as Wrestling, Boys Volleyball, Girls Volleyball, Girls Basketball and many additional school-wide events held in the gymnasium.** We've even factored in **postseason games and tournament games**, all combining for the total impression estimates listed on Page 8.

In-game Brand Wrapper

The Brand Wrapper is the backdrop (“wallpaper”) that is overlaid by the scoreboard and panorama ad space.

There’s space reserved at **the top of the display** where branding imagery can be displayed in order to personalize the system to the school or sponsor. Think of it as the branded “digital picture frame” for all the action.

HOME OF THE SPARTANS

It can also be utilized for revenue purposes by adding a co-brand sponsor logo alongside the school name or by replacing the entire wrapper with sponsor brand imagery.

Rotating Cinema Ad

Cinema ads are premium-sized digital banners displayed in a predefined rotating sequence during **countdown** periods: **pregame**, **timeouts** and **halftime**. Cinema ads share the same aspect ratio as a standard wide-screen TV commercial and are offered in an impressive, large format in the center of the multimedia display.

Cinema ads are displayed during "countdown" periods: pregame, timeouts and halftime. In this layout, the scoreboard is minimized to a "ticker" format across the bottom of the screen in order to reserve the maximum amount of space for the Cinema ad rotation.
